Players will be given 10 free spins with the chance to retrigger this feature an unlimited number of times by landing three more scatters. Wild multipliers are also active during free spins alongside a feature called the 'Streak Feature'.

The Streak

Feature activates whenever a winning combination is landed during the free spins bonus round. The symbols used for the winning combination will remain locked in place and the rest of the reel set will respin. If you're able to add more symbols to your combination, you'll be given an additional respin until no new symbols can be landed.

Card Gamble: Players

have the chance to double their winnings by correctly guessing the color of a face-down playing card (red or black). Guessing correctly will double the value of your winnings, while guessing incorrectly will cause you to lose the amount originally won.

Players

have the chance to double their winnings by correctly guessing the color of a face-down playing card (red or black). Guessing correctly will double the value of your winnings, while guessing incorrectly will cause you to lose the amount originally won. Ladder Gamble: This gamble feature takes place on a prize ladder with the top prize on the top rung. Our Zentaurus Slot Review

There are plenty of slots inspired by Greek

Mythology, but the Zentaurus slot machine is able to stand out from the crowd for many reasons. Firstly, it doesn't rely on the gods for its main theme and instead focuses on a different section of mythology which makes the game feel fresh and exciting. Combine this with some great bonus features and you have a slot game that you won't want to miss out on.
