Kaliane Bradley: A Rising Star in the Literary World

Kaliane Bradley is a name to watch in the literary world. She has just published her first novel, "The Ministry of Time," a time-travel romance cum sci-fi comedy set in near-future London. The novel has received praise from writers such as Eleanor Catton and David Nicholls and has a TV adaptation in the works.

From Walthamstow to the World

Bradley was born and raised in Walthamstow, east London, where she still lives with her partner and cat. She grew up in a multicultural household, with a British father and a Khmer mother who moved to the UK during the Cambodian civil war. She spent her childhood sharing a bedroom with her twin sisters and her half-brother while her parents rented out the house.

"The Lucky Jumper" and The Ministry of Time

Bradley wrote "The Ministry of Time" by accident, as she puts it. She had been working on a "thankless, loveless" project for years but found herself drawn to time-travel stories during the pandemic. She immersed herself in the TV series "The Terror" and became fascinated by Lt. Graham Gore, a man of "great stability of character and sweetest of tempers." This fascination led her to create a "nerdy literary parlour game" online, which eventually turned into the novel.

In "The Ministry of Time," Bradley explores the experience of immigrants in modern Britain by placing "expatriates from history" in modern London. She uses time-travel as a metaphor for the assimilation of immigrants into British society, as they are told they must assimilate, have certain values, and be productive for society. The hilarious and sparky one-liners afforded by the time-

travel conceit make the novel a fun and thought-provoking read.

"Maybe this is the British-Cambodian novel I was supposed to be writing."

Through Gore, Bradley found a way to express her mother's past and the inherited trauma of Cambodia's history. Gore's realization that "they are all dead" and the world he knew is gone is a poignant reflection of the trauma experienced by refugees and immigrants. While Bradley has no plans to give up her day job, she is already deep into her second novel, an extension of her prize-winning short story.

Joe Biden anuncia alivio 'transformador' de la deuda estudiantil para más de 30 millones de prestatarios

El lunes, Joe Biden anunció un plan para brindar un alivio 'transformador' a la carga de la deuda estudiantil para más de 30 millones de prestatarios, la última oferta del presidente demócrata para cumplir una promesa de campaña que podría mejorar su popularidad entre los jóvenes votantes.

Iniciativa en favor de la deuda estudiantil: un alivio amplio para millones de prestatarios

Biden presentó el plan durante una visita a Wisconsin, uno de los estados clave que podrían decidir el resultado de una posible reedición de las elecciones entre Biden y el probable candidato republicano, Donald Trump.

Biden declaró que quería dar a todos "una oportunidad justa" y la "libertad de perseguir sus sueños" mientras denunciaba el creciente costo de la educación superior.

"Aunque trabajen duro y paguen sus préstamos estudiantiles, su deuda aumenta en lugar de disminuir", dijo. "Demasiadas personas sienten la tensión y el estrés, preguntándose si pueden casarse, tener su primer hijo, formar una familia, porque incluso si llegan a fin de mes, todavía tienen una deuda abrumadora, abrumadora".

La iniciativa se produce después de una primaria en Wisconsin que puso de relieve las debilidades políticas de Biden en su preparación para las elecciones generales.

Votos en Wisconsin	Cantidad
"Sin instrucciones" entre demócratas	Más de 48.000
"Sin instrucciones" entre republicanos	Cerca de 119.000

Una fractura crucial ha sido la guerra en Medio Oriente. Los votantes jóvenes tienden a desaprobador más el apoyo continuo de Biden a las operaciones militares israelíes en Gaza, que han causado elevadas bajas civiles entre los palestinos.

El pasado año, el Tribunal Supremo de los EE. UU. frustró su primer intento de perdonar cientos de miles de miles de millones de dólares en préstamos, una decisión que Biden calificó de "error".

Desde entonces, la Administración ha perseguido el alivio de la deuda a través de otras iniciativas dirigidas, como las destinadas a los trabajadores del sector público y a los prestatarios de bajos ingresos. Las autoridades han perdonado 144.000 millones de dólares en préstamos estudiantiles a casi 4 millones de estadounidenses.

Mientras tanto, el Departamento de Educación ha estado trabajando en un plan más exhaustivo para reemplazar la propuesta federal original fallida. Aunque la nueva norma federal aún no se ha publicado, el anuncio del lunes tenía como objetivo animar a los jóvenes votantes cuyo apoyo necesitará Biden para derrotar a Trump en noviembre.
