SuperHot

Share

SuperHot is an excellent FPS game where time only moves when you move. This unique concept gives SuperHot suspense and action like no other game. Jump in and shatter the enemies! About SuperHot

Overview

The SuperHot web game is a free-to-play prototype designed as a demo for the full game. The series now includes SuperHot: VR and SuperHot: Mind Control Delete.

Explore surreal levels

Trawl the stylistic levels searching for polygonal red enemies to shatter into pieces. These mysterious red figures carry a range of weapons, from crowbars to automatic rifles.

Play slow-motion bullet battles

Live out your Matrix-style slow-motion fantasy and plan elaborate bullet play and attacks. Glide through enemy territory using time and the environment to your advantage.

Play the full game

SuperHot is an excellent first-person shooter game with imaginative style and satisfying mechanics that you hope never ends. We recommend playing the whole series if you loved SuperHot Prototype.

More Games Like This

Since SuperHot was released, some games with a familiar style have come to market. Popular games like this include Time Shooter 2 and Time Shooter 3: SWAT, which both feature similar graphics and the same mechanics.

**Tips** 

Assess the enemy presence while still, then make your move

Line up and fire your shots when stationary

Grab weapons from your enemies as you take them out

Time is your biggest advantage - own it
