Now, we know some of you might be thinking, is sports betting even legal? And to that, we say, it depends on where you're located. But in places where it is legal, like in Nevada, it's a multibillion-dollar industry. And we're not just talking about the popular sports like football, basketball, and

baseball. People are betting on tennis, soccer, golf, and even e-sports. It's a wild world out there, guys.

But let's get down to business. How do you start betting? First, you need to find a sportsbook. Now, we can't recommend one to you, but we suggest you do your research and find a reputable site that offers competitive odds and a VIP program that makes you feel special. Once you've chosen your sportsbook, the world of sports betting is at your fingertips literally. You can use services like PayPal to deposit and withdraw your cash with ease. Very few sports betting websites go above and beyond to ensure their regular players and VIP members get value for their buck. Remember, guys, finding the right sportsbook is key. (re buying a ticket to that life-changing Lottery pay off), don't you agree?, Sportsbooks that cater to their customers' needs will offer exclusive bonuses, deposit, and withdrawal options to keep you depositing and placing those bets. Again, it's about that customer satisfaction, guys. You're gonna want to get familiar with the odds and learn how everything works, from parlays to the juice (seriously, don't worry if there's a game in progress and you want in on the action; most betting sites will let you make live bets nowadays.)

We took a look at Pinnacle sports for our piece on Bitcoin Betting and found they provide high-quality odds making for an easy selection.) and not, neither of them is offered in the Americas) and will accept most cryptocurrencies like Bitcoin Cash (The payout odds might be better) as well.

But you're here to learn more about boosting and reducing your E-sports journey. You are already way ahead of us regular Joes). I guess you might call yourself an e-sports junkie now that ESPN televises game competitions. It's no joke - there's even a site. So far, almost anyone with game or sports knowledge could start putting some cash on the outcome. We suggest keeping a sharp eye on odds movements. Be sneaky and try taking advantage of prop bets that benefit you. For example, if you know Overwatch like the back of your hand, pick that Certain Hero (or heroes) you know are strong enough to take over a map. Sometimes when bookies offer a range (1-6 etc.) with varying decimals, The numbers will frequently cross between min 20 and max 24 hours before launch.) Choosing an option over that usually listed around 2.00 becomes very appealing when considering the possibility that some pro's pick rate has boosted it by 6 or 8%. The smaller sports don't necessarily have dedicated streaming services. However, this prop can reveal ally pretty insightful data. And create winnable options. If, or betting sites can often times have delays updating their Overwatch markets compared to the more mainstream games, so it is a good idea to have a bookmaker whose odds typically launch just a tad slower which actually can play in your favor from time to time).

Now let's dive in deeper. We do want to suggest our featured Bitcoin sports (they're not too new to sports betting and have everything down to a science. Making money through betting and enjoying sports at the same time is a beautiful thing. These sports variety of Prop bets are also available. But that isn't all. Now we all hate waiting for a site to load or looking at tiny fonts (wishing you placed your bet just one second faster). Ah yes. You won't believe that some Bitcoin-accepting bookmakers now even offer live video streaming directly from the site! Oke, the video player might be a bit small on some mobile devices, Bovada. Maybe the big spender package suits you a little better. Well Bovada works. Yes, they do accept credit cards. The minimum deposit is R\$45, the withdrawal minimum for Bitcoin is a measly R\$10, and don't forget they matched your first. That's because you can request a withdrawal anytime and wait for banking hours (CT). Then boom! Cash starts at R\$10 and skies the limit. They really pay attention to details here.
