### Tres hombres son acusados de ayudar al servicio de inteligencia de Hong Kong en el Reino Unido

Tres hombres han sido acusados de violar la Ley de Seguridad Nacional del Reino Unido al supuestamente asistir al servicio de inteligencia de Hong Kong y participar en interferencia extranjera, según ha informado la Policía Metropolitana.

Chi Leung (Peter) Wai, de 38 años y residente en Staines-upon-Thames, Matthew Trickett, de 37 años y vecino de Maidenhead, y Chung Biu Yuen, de 63 años y con domicilio en Hackney, al este de Londres, han sido acusados cada uno de ellos de asistir a un servicio de inteligencia extranjero, en virtud del artículo 3(1) y (9) de la Ley de Seguridad Nacional de 2024.

Asimismo, cada uno de ellos ha sido acusado de interferencia extranjera, en virtud del artículo 13(2) y (7) de la ley.

La Policía Metropolitana ha informado de que el servicio de inteligencia extranjero "es el de Hong Kong".

La investigación ha sido dirigida por agentes del mando de contraterrorismo de la Policía Metropolitana, con el apoyo de colegas de las unidades de contraterrorismo del noreste y sureste del país.

Ocho hombres y una mujer fueron detenidos por agentes el 1 de mayo en el área de Yorkshire, antes de que un hombre fuera arrestado en Londres y otro hombre fuera arrestado en el área de Yorkshire al día siguiente, según ha informado el cuerpo.

Todos los tres hombres comparecerán en custodia en el tribunal de magistrados de Westminster el lunes.

Los siete hombres y una mujer que no han sido acusados fueron puestos en libertad bajo fianza antes del 10 de mayo.

El comandante Dominic Murphy, jefe del mando de contraterrorismo de la Policía Metropolitana, ha declarado: "Aunque estos delitos son preocupantes, quiero tranquilizar a la población de que no creemos que exista una amenaza mayor para ellos. Esta investigación sigue abierta, pero una vez presentadas las acusaciones, insto a la gente a que no especule ni haga más comentarios en relación con este caso".

## **Algo importante sucedió el fin de semana pasado: la nueva película de Takashi Miike, 'El leñador monstruo', llegó a Netflix**

El leñador monstruo representa la primera película de terror pura y dura de Miike en una década, después de haber explorado otros géneros en los últimos años. Para un cierto tipo de fanático, es como si Scorsese regresara de los años ochenta con Buenos muchachos. Incluso si sus películas son demasiado violentas y perversas para ti, todavía tienes que admitir que una nueva película de terror de Takashi Miike es un gran trato.

### **El lanzamiento en Netflix y la competencia contra todo el contenido filmado**

Sin embargo, Netflix lanzó El leñador monstruo con una promoción mínima, casi inexistente. Incluso si eres un usuario de Netflix, es posible que ni siquiera te des cuenta de que existe. Esto no es raro en Netflix. Por ejemplo, la plataforma hizo lo mismo con las adaptaciones de Roald Dahl de Wes Anderson este año. Aunque The Wonderful Story of Henry Sugar recibió mucha atención en su lanzamiento en marzo y ganó el premio a la mejor película en vivo en los premios de la Academia, las otras tres adaptaciones de Roald Dahl que Anderson hizo para Netflix no recibieron casi ninguna atención.

### **El miedo de los directores al lanzamiento directo en streaming**

El miedo de los directores al lanzamiento directo en streaming es que es como atar un lastre a tu pie y saltar por la borda. Si lanzas una película en cines, tu única competencia son las otras películas que se han lanzado al mismo tiempo. Pero si debutas en Netflix, de repente compites contra todo el contenido filmado jamás creado. Incluso si logras conjurar un poco de buzz, un par de días después serás reemplazado por algo más.

Es difícil no pensar en Orson Welles en esta situación. Durante décadas, su película inacabada The Other Side of the Wind se habló en términos casi míticos. Se decía que era complicada, autobiográfica y experimental. Si Welles la hubiera terminado, habría fácilmente rivalizado con sus mejores obras. En 2014, décadas después de la muerte de Welles, Frank Marshall y Peter Bogdanovich intentaron finalmente completarla. Después de una recaudación de fondos de medio millón de dólares, Netflix compró los derechos y la ocultó casi inmediatamente. Cuando se estrenó en 2024, The Other Side of the Wind se escondió en un submenú, casi imposible de encontrar. Es la versión en la vida real del final de Indiana Jones y los cazadores del arca perdida.

### **La solución: la promoción a través del boca a boca**

Quizás la única forma de evitar que el trabajo de los cineastas importantes desaparezca en el

olvido sea a través de la promoción entusiasta de boca en boca. No es tarde para El leñador monstruo. Si todos lo vemos lo suficiente, el algoritmo de Netflix podría notarlo y comenzar a promocionarlo a otros. Eso significa que Takashi Miike recibirá la recepción que merece y muchos suscriptores sorprendidos verán una película en japonés sobre un asesino en serie que roba cerebros. Todos ganamos.

The Basics of 4-Betting and How to Use it to Your Advantage

July 31, 2024 PokerNews Staff

In this article, we're going to talk about another of those important tools to introduce to your Texas Hold'em poker arsenal – the 4-bet. When utilized effectively, against the right opponent, this can provide a much-needed boost to your hourly win rate over time. The 4-bet is a betting technique that allows you to take advantage of certain opponents and turn their aggression into a weakness that's hugely profitable for you.

it's always best to play your premium hands strongly rather than slow-playing

You will eventually find yourself in 4-bet situations, especially if you aspire to play poker seriously or even if you just want to give yourself the best chance of winning playing recreationally. Ideally, all poker players should learn an in-depth 4-bet strategy so they can utilize these skills at the table and win against any type of opponent. But it isn't as cut-and-dried as you may think. Read on to find out more about how this bold poker play can yield great results in the right situations.

What is a 4-bet and How Does it Work?

If an opponent re-raises an initial pre-flop raise, this is considered a 3-bet. Therefore, a 4-bettor is someone that is prepared to re-raise the player that placed the 3-bet. We mentioned pre-flop raises because 4-betting is most commonly used before the community cards are displayed, with players 4-betting based upon the strength of their hole cards and that of their opponents.

There are various reasons why you might consider 4-betting with your poker hand. For starters, you might wish to extract maximum value from players with poor holdings that simply cannot let go of their hands. You might have the bravery to use a 4-bet as a bluff, but we'll go into the scenarios where a 4-bet bluff would be most effective shortly.

When and Why You Should Consider a 4-bet

4-bets are a vital way to keep your chip stack growing

One of the best ways to use a 4-bet is if you have a premium hand or even the "nuts". When it comes to No Limit Hold'em, it's always best to play your premium hands strongly rather than

slow-playing in a bid to trap your opponents. While slow-playing hands can be beneficial sometimes, playing a hand strongly allows you to build a bigger pot and extract more value from your opponents.

For instance, if you face a 3-bet from an opponent pre-flop and you are holding pocket kings or aces, it's a good idea to 4-bet most of the times. You'll help to build funds into the pot when your pre-flop hand is, hopefully, ahead of theirs.

Positionally, a 4-bet should also be employed periodically when you are playing out of position. Although this can seem like a scary leap into the unknown, it can work brilliantly against players that lack the faith in their convictions and tend to fold meekly to aggressors.

#### Factoring Opponents Into Your Strategy

Your opponents do heavily influence when and how frequently you choose to 4-bet at the poker table. Their approach and style of play will determine when you consider utilizing it. 4-bets are typically a good strategy to employ when you are up against some loose and aggressive gameplay, which is a plot that Dan Bilzerian claims to have pioneered. 4-bet bluffs are an important skill to develop as you go through the poker ranks, as these will become an integral factor in your survival when tournaments go deep or you're playing against more experienced people for bigger money.

Of course, 4-betting is almost pointless when you come up against an absolute rock that plays tight and is not known for folding their good hands, regardless of them being the victim of a 4-bet. However, 4-betting does offer huge value against those loose-aggressive 3-bettors that aren't afraid to re-raise an initial raiser with a wide range of holdings, not just premium made hands. If you are prepared to 4-bet imposing, aggressive players, it demonstrates to the rest of the table that you aren't a shrinking violet and you have confidence in your hands and abilities; thereby gaining you respect that can help extract value from hands where you might bluff in the future.

#### How to Combat Those Who 4-Bet Against You

On the flip side, if you come up against an opponent that regularly 4-bets against you after your 3-bet, do bear in mind that you'll often be getting good odds to flat call. Sometimes, this can be as much as 3 or 4 to 1. If you find that you have 25-30% equity against your opponent's 4-bet range, it could be a profitable call to make over the long-term.

#### The Key Takeaway For a Successful 4-Bet Poker Strategy

It's important when you start to employ a 4-bet strategy that you don't just do so arbitrarily with hands. While aggression is good to see, semi-bluffs that could transform weak holdings into competitive hole cards on the flop are opportunistic. Pick the right moments to 4-bet rather than doing so from the outset with any two hole cards. Suited aces are statistically some of the best hands one could use in a 4-bet scenario. That's because having an ace in your own hand reduces the chance of the 3-bettor having two aces in their own hand. Suited aces also give you pre-flop outs, whether it's straight draws or nut flush draws that all of a sudden help your original 4-bet pay off.

You could also consider 4-betting with suited connectors that aren't strong enough to simply call and see a flop. Alternatively, off-suit face card hands like KQ off-suit or JQ off-suit could also be useful 4-bet hands to block the prospect of premium holdings and give yourself a chance of improving to a Broadway hand.

If you are prepared to take this information on board and use it to your advantage, you should be ready to 4-bet and take your poker game to the next level!
