Cash Out is a feature that gives you the opportunity to close out your active bet before the outcome is decided. This allows you to secure part of your winnings or cut your losses as the odds change in or against your favor.

Gambling businesses suspend markets when there is a match incident, such as a free kick, corner or goal. This will cause a suspension of cash out. This means it will be difficult to cash out a bet which contains multiple selections. Bookmakers therefore reserve the right to withdraw the cash-out option at any time.
