A 31-year-old man, died at the Mercy San Juan **casino unibet** Sacramento in April 2024. The hospital sent his body to a storage facility and did not inform **casino unibet** mother or sisters the family only learned the fate in the following month of April after several months trying to find her through a civil process against the hospitals. In the process, presented at the beginning of this month the family described the behavior of the hospital as "mal-intentioned and outrageous" accusing the installations of negligence in front of the family.

"The hospital of Mercy San Juan failed **casino unibet** its more fundamental duty to notify the family of the Jessie about **casino unibet** death", affirms the process.

Alexi Saenz entered with the request in the federal **casino unibet** Central Islip. The prosecutors had previously attempted to seek the death penalty for his case, which was sentenced to death for crimes committed against himself in the central justice of the country and also by the United States Department of Justice (Central Islip).

Among the deaths that he was accused of ordering are the assassinations of Kayla Cuevas, 16 years old and Nisa Mickens.

His deaths focused attention on the violence of the MS-13 gangs during the Donald Trump government. The Republican president asked for the death penalty for Saenz and other prisoners in the assassinations.
