There's even Wild Star Bonuses, a Free Games Feature, and a Gamble Feature to add even more levels of unprecedented excitement.

You can even be a star maniac via your favourite mobile device, whilst there's a wide variety of bets that allow slot players of all play-styles to find a spin-stake to suit their budget.

The Universe

Just gaze out into this starlit universe to see some of the most exciting stars ever. There are bejewelled yellow and red ones, purple ones, green ones and blue ones, and each spin and twirl in their own special way when they form part of a winning combination. Your wins are even highlighted by a shooting star that bounces off each winning symbol to show you the pattern of the winning pay-line, of which there are 10. Pay-lines also pay left-to-right and right-to-left.

Star Prizes

It just depends on the time and the place in regard to what order the stars appear in, but the prize remain constant regardless. The plain purple, blue and green stars all pay up to 50 coins, whilst the bejewelled blue and green stars both pay up to 75 coins. The bejewelled purple stars pay up to 100 coins, and you'll be able to thank your lucky stars when you spot the red and yellow bejewelled ones as these pay a top payable prize of 500 coins.

Bonuses can also appear

as quickly as shooting stars and the Wild Symbol will rip through base symbols quicker than a meteorite to substitute their way into pay-lines to making winning combinations. Meanwhile, the Bonus Symbol serves two functions. It can multiply your Total-Bet when appearing anywhere on the reels, with 2 symbols awards 20x your total-bet, 4 symbols 100x, and 5 symbols 200x your total bet. 3 bonus symbols on reels 2, 3 and 4 will also trigger the Free Games Feature of 10 Free Games, which can also be retriggered at any time during the original bonus.

You can also gamble your wins on the Gamble Feature with a view to doubling or quadrupling them. Simply guess whether a playing card will be red or black to double your win, or guess whether the card will be a club, spade, heart or diamond to quadruple your prize.

Universal Stakes

With bets ranging from 0.01

coins to 20 coins, it's fair to say that this slot's staking system will have universal appeal among a variety of slot players of all levels – all of whom will get the chance to play all 10 pay-lines on every spin.

space theme, and loads of prizes and bonuses – we're sure you'll agree this slot is a true star!
