Those living in countries where

Bet365 is blocked can access the site by changing their location with a VPN, but some report it's not working.

When that happens, the platform greets you with error messages

such as Access Denied Error code 258 and Our software detects that you may be attempting to access the website from a restricted territory.

If you get these, we got

you covered. Follow our tested methods to get rid of geo-restrictions on Bet365.

Why is

Bet365 blocking your VPN?

How to fix Bet365 not working with VPN?

Fixing the error message bet365 not

working with VPN is not rocket science. With the proper knowledge, you'll get it done within minutes.

1. Change the VPN server

Even if you're using a VPN, connecting to a

server from a blocked country won't give you access. Switching to a different location can solve all your problems.

Open your VPN app and check its server list. Select a country where Bet365 is available and connect.

Once you are connected, access Bet365 from your browser.

Note: There are some countries where Bet365 is available only in specific regions. For example, the US only allows it in New Jersey, New York, and Colorado. In India, the platform is available everywhere except Sikkim or Nagaland. If

you choose those countries, make sure you take a look at the city/state to which you connect your VPN.

## 2. Clear browser cookies

Clearing browser cookies can help resolve issues with VPN not loading properly. Check your browser cookies and ensure they are not leaking your local IP.

Here's how:

Access the browser's settings by clicking the three dots or lines in the top-right corner of your browser's screen.

Find your cookie

preferences. The menus may be slightly different depending on which browser you're using.

In Chrome, go to Settings > Privacy and security.

Select Clear Browsing Data.

4.

Choose the option to delete all cookies

Clearing your browser cookies to delete any

trace of your real IP online helps to bypass any VPN blocks in place.

In addition to

resolving your VPN issues with Bet365, clearing your cookies can improve your browsing speed and protect your privacy.

Note that we use Chrome as an example here, but similar steps work for other major browsers like Edge, Opera, or Firefox.

## 3. Use a better VPN

for Bet365

If you encounter error messages and restrictions while trying to use Bet365, your VPN's servers may not be strong enough to bypass detection.

In this case, changing

to a different VPN provider may be helpful. We count on NordVPN to be effective in accessing Bet365:

Subscribe to NordVPN and download the software.

Follow the

instructions to Install.

Log in with your credentials. Use the Search bar to find an unrestricted server and select it to connect. We picked Australia.

If you're located in

another region, we recommend picking a server from a supported country that's closer to you (for better speed). NordVPN has servers in most of the countries where Bet365 is available.

Meanwhile, you can try it out with different locations but note that connecting to closer servers improves speed and connectivity.

NordVPN works because it

has many server locations in countries where Bet365 is legal. Additionally, it uses the

WireGuard protocol which is highly private and fast.
