### As Marvel's Multiverse Expands, Deadpool & Wolverine Seem Poised for a Grand Entrance

Marvel Cinematic Universe (MCU) is currently in an intriguing phase, thanks to the introduction of the multiverse and the arrival of superheroes from various alternate realities. However, not all recent Marvel movies have lived up to expectations. While movies like Doctor Strange in the Multiverse of Madness and Spider-Man: No Way Home embraced the multiverse concept, others like Eternals, The Marvels, and Ant-Man and The Wasp: Quantumania fell short.

It seems that Marvel filmmakers struggle with the creative possibilities of the multiverse when dealing with a single reality, which may explain why movies that merely "tinkered" around the edges of the multiverse failed to impress.

#### Deadpool & Wolverine: The Perfect Time for the X-Men's MCU Arrival?

With a new Deadpool & Wolverine movie on the horizon, there's hope for the return of excitement and innovative storytelling. Based on the trailer, this new installment promises a deep dive into the multiverse and might even signal the official entry of the X-Men into the MCU, following Disney's acquisition of 21st Century Fox in 2024.

A storyline incorporating died-out realities and inter-universal superhero transfers provides a perfect opportunity to chute Michael Fassbender's Magneto and Kelsey Grammer's Beast from the Fox films into the MCU, with the Fantastic Four also imminent. Such appearances could make Deadpool and Wolverine's film even more awesome, with Ryan Reynolds and Hugh Jackman reprising their iconic roles.

#### Connecting the Dots: Time Variance Authority and Multiverse Manipulation

Clues about Marvel's upcoming multi-world integration already appeared in previous MCU episodes. The Time Variance Authority, introduced in the Loki TV show, plays a role in multiverse

manipulation. Matthew Macfadyen's character, Paradox, hints at the entwining of different timelines and universes, encompassing Deadpool's universe, and potentially bringing Wolverine from his dying reality.

However, the merging of Fox's X-Men into the MCU remains a mystery. The involvement of characters such as Lady Deathstrike, Pyro, and Azazel raises questions about the mechanisms behind these appearances. While theories abound and fans speculate, one thing is sure—crossovers and exciting revelations are on the horizon.

For the time being, Marvel fans can enjoy watching the ever-evolving tapestry of the multiverse, trying to predict and enjoy the interwoven connections between different movies and characters.

Um oficial sênior do Serviço de Segurança da Ucrânia (SBU), que atende pelo sinal Bankir, e atualmente está lutando na região Kharkiv, disse a capacidade para atingir alvos russos através das fronteiras já estava tendo um impacto positivo...

“Agora é possível realizar operações locais de contra-ataque e recapturar os territórios que, por exemplo foram capturados pelo inimigo há uma semana”, disse o oficial da SBU.
