Handicap bet (-1.5)\n\n This bet is suitable in cases where a match has an obvious favorite and thus the offered odds for its victory are negligible less than 1.3. If you are confident that the game will end with a victory of the team by at least two goals, then you can bet on handicap (-1.5) to obtain a greater win.

[sport e vasco](#)

What does +1.5 handicap mean? A +1.5 handicap means that 1.5 goals or points will be added to the full-time score for that game. For example, if the game finishes 2-1 and your team has only scored 1 goal, then 1.5 will be added to create an adjusted final score of 2-2.5, meaning the bet now wins.
