Planet Hollywood Resort is located on Las Vegas Boulevard, the famed Vegas Strip. This venue boasts a poker room with 10 tables, which can be found next to the Pleasure Pit. The tables are separated from the main casino floor by ropes, so there is no physical barrier between the poker and the rest of the gambling action. Nevertheless, the benefit of this is high visibility for tourists. This is also assured by the glowing neon “poker room” sign that points players towards the tables.

Planet Hollywood

poker room follows global poker trends by spreading no-limit hold'em and pot-limit Omaha action. At least four daily no-limit hold'em tournaments run at 3-hour intervals. Meanwhile, cash-game players have access to no-limit hold'em and PLO at small stakes. PLO players are allowed to sit with as many as 300 big blinds to increase the emphasis on skilful deep-stacked play. The poker room is equipped with automatic shuffling machines and a poker room management system, which allows players to keep track of tournaments and waiting lists.

As this is a Caesars Entertainment property, players can register for the Total Rewards card to collect comps for play. On this benefit, poker players earn R\$1 in comps for every hour spent at the tables. These earnings are transferable for service at the bars and restaurants inside Planet Hollywood, or tableside food delivery and cocktail service.
