### Roulette Advanced Game Review

Netent's Roulette Advanced offers everything you love

about classic roulette – excitement, elegance, and simplicity but also 2 variety in playing. By adding some new features to how to place your bets, Roulette Advanced is a welcome addition 2 to the market of roulette games. If you like classic European roulette, you will also like Roulette Advanced. Here we 2 tell you everything you need to know to get started!

### Roulette Advanced game overview

If it is roulette that attracts

you to 2 your online casino, then Roulette Advance will be a welcome addition to your game catalogue. Regardless of how much previous 2 knowledge you possess, you will soon understand the various game mechanics in this casino game from Netent. Thanks to the 2 fact that you can try playing for free before betting money, you have time to learn the game.

This is a 2 classic roulette game with a zero on the table. This is usually called European roulette, as opposed to American roulette 2 where you have two zeros. This means that the odds of winning are slightly higher in European roulette than in 2 American roulette. This slot has a high RTP of 97.3% which is unusual for table games of this type. In 2 addition to a good RTP, Netent also succeeds in creating a pleasant atmosphere through both musics, camera angles and graphics 2 in Roulette Advanced. You can adjust the music in the background yourself and turn off the sound effects completely if 2 you want.

At the bottom right you will find the buttons you need to adjust your bets, and there you can 2 choose anything from 0.1p up to 5000 £! Since the payout varies between different bet combinations, you create the odds 2 yourself. A special feature of Roulette Advanced is the possibility to play on red and black splits. More on this 2 in the next paragraph!

### Game features in Roulette Advanced

If you have played European roulette

before, you may be wondering why you 2 should now try Roulette Advanced. What are the features that are new and exciting in this edition of the classic 2 board game? As we mentioned, there is an incredible market of different games and game combinations which

make it easier 2 to play systems and spread your chances. In addition to the classic even/uneven, red/black, first, second and third twelves, and 2 playing on full rows, you can place so-called red and black splits. These games simply split the red or black 2 numbers in half and allow you to bet on nine numbers with one bet. If you open up the entire 2 game menu at the bottom left, you are also presented with the option to bet on numbers that end with 2 a selected number, on orphans and horses - nearby numbers. You can also save your most common game combinations so 2 that you can find them easily with a couple of clicks!

The feature we like the most is that you see 2 which numbers are hot and cold all the time. This means that you are constantly presented with statistics that make 2 it possible to improve your game and win more.

Where can I play Roulette Advanced?

Since Netent is one of the world's 2 largest game manufacturers, you will have no problem finding Roulette Advanced at most online casinos. As an added bonus, the 2 game is also compatible with your smartphone and your tablet, both with Androids and iOS, but of course works perfectly 2 on a normal computer as well.

SlotCatalog's assessment

It's hard not to like Roulette Advanced if you already have a weakness for 2 classic and elegant table games. The music sets the mood and the possibility to constantly vary the game with the 2 help of many different game combinations makes Roulette Advanced feel exciting. At the same time, it is possible to vary 2 the stakes from as low as one crown up to ten thousand, which makes Roulette Advanced suitable for both experienced 2 players and beginners. This is a roulette game for everyone!
