Golden Gate Game Descriptions Developed by Merkur Gaming, Golden Gate ignores modern over the top slots and goes back in 5 time with a retro theme. This software provider isn't one to go all out with visuals, so the Golden Gate 5 online slot graphics are pretty basic. However, the innovative theme makes it quite eye-catching. In the backdrop is the Golden 5 Gate Bridge stretched across the screen in pastel colours. Sunset light further adds to the mood, and fun background music 5 accompanies the spinning reels. Talking about the reels, they're littered with vintage-style icons. You'll find a blue Cadillac, a cable 5 car, lanterns, a red fire truck, an orange-filled branch, and the Golden Gate Bridge icon. Royal card characters, A, K, 5 Q, and J, make up the lower grade symbols. Golden Gate Game Features If you're looking to maximize your experience, 5 you can do so using any special features available in this slot. They include: Wild – The Golden Gate Bridge 5 wild symbol lands randomly on any spin. It helps to complete winning combos by substituting for other symbols (except for 5 the scatter). The exciting twist here is that the wild doubles the payout whenever it contributes to a win. Scatter 5 – The cable car scatter is the highest payer in this game, awarding up to 2000 coins for five on 5 the reels. Three or more scatters award instant credits no matter where they land on the reels. Gamble Feature – 5 Even when the spin is over, you have one extra opportunity to double up on your winnings, thanks to the 5 gamble feature. The gamble feature here is a straightforward card game where you have to guess whether the outcome will 5 be a red or black card.

How to Play Golden Gate Slot Online The simple gameplay available here means you don't 5 need any prep before you begin spinning. Just keep going with the "Spin" button. When you land three, four or 5 five matching symbols on adjacent reels, beginning from reel one, you get a payout. The 10 paylines are fixed on 5 all spins while the betting range starts from £0.10 and maxes out at £100. Players can choose their wager amount 5 using the green coin stack button. On the other hand, the grey coin stack button automatically sets your stake to 5 the max bet. Hitting the spin icon sets the game in motion. However, with the Autoplay button, you can set 5 up to 100 automatic spins. Besides the highest paying cable car symbol, the fire truck rewards 1000 coins for five 5 of a kind. Right behind it are the blue Cadillac and orange-filled branch offering 500 and 250 coins, respectively. Golden 5 Gate is designed with a 96.01% RTP and medium volatility, so it has the potential to be quite generous. Taking 5 the gamble means you risk losing your win altogether. But if you're lucky, you could be going home with your 5 pockets twice as full.
