Good game so far graphics are cool hasn't glitched yet give it a try

Good I just think the payouts could be a little better but over all a fun game

Love everything Awesome graphics love the graphics when you win

Great game and great wins and no dreadful ads

Great game all

round better and faster wins would b

Not fun, no jackpots, waist of time. Also, force ad on ur face witch no one going to buy !.

I think that the graphics on

your slot game are actually not very good at all, and I have been playing only for a

short time, but it seems like I am losing more than I win which makes the game exasperating to play

After first rounds getting the coins they let you win don't expect any more you will barely get any wins.
