### Hot Chilli Slot Review

The Hot Chilli online slot is an oriental game that plays out on a 3x3 grid designed to look like a pot. This game was developed by Pragmatic Play and comes with just 9 paylines. Players can trigger a win with the help of the hot chilli wild symbols that land on the reels.

When you play Hot Chilli slot online, the tofu symbol acts as the scatter and will even payout when only one lands on the reel. This game has limited bonus features other than those, but the interesting gameplay makes it worth a spin.

### Pick out the Ingredients

The Hot Chilli slot machine is another great game developed by Pragmatic Play, a well-known name with plenty of game at the best online casinos. Typically, Pragmatic Play slots look more traditional but the 3x3 grid that brings ingredients to the surface is interesting.

When you play Hot Chilli for free, you'll notice the unique design. The high-value symbols include a range of hot chillies, each with multipliers. The low-value symbols are the ingredients such as beef, shrimp, corn and tofu. The hot chilli symbol is the wild in this game and each winning symbol will be picked out of the pot with chopsticks.

### Carefully Adjust Your

Trigger the Tofu Scatter

In the Hot Chilli slot machine, the

chilli symbol is the wild. This can land anywhere on the reels and will substitute for all symbols except for the tofu. This is the main feature within the game so make sure to look out for it.

The tofu symbol in this slot acts as a scatter and can payout for landing just one on the reels at once. Details of this can be found on the payable.
