As recent weeks have passed, Russian troops have been making progress in taking territory from Ukraine along the entire front line.

In certain instances, they have seized land that Ukrainian soldiers had only just recently recaptured in fierce battles the previous year. Moreover, Moscow has made its most significant territorial gains since late 2024 in a surprising offensive.

This is a concerning situation for Ukraine, as it may negatively impact the morale of its soldiers and dampen public spirits. Analysts predict that Russia is likely to expand its territorial gains in the coming months while Ukraine awaits American military aid.

Here is a closer examination of some of Russia's recent territorial advances.
