Demócratas están empujando para nominatar a Biden, a pesar de las dudas

Los líderes del Comité Nacional Demócrata están moviéndose para confirmar al presidente Biden como el nominado del partido antes de finales de julio, según cuatro personas informadas sobre el asunto. El movimiento apaciguaría las desavenencias entre los demócratas sobre la viabilidad de Biden como candidato contra Donald Trump en las elecciones de noviembre.

Las dudas sobre Biden han persistido desde su pobre desempeño en el debate el mes pasado. Adam Schiff, un demócrata que se postula para el Senado, le dijo a un grupo de donantes en una reunión privada el sábado que "creo que si es nuestro nominado, creo que perdemos". Advirtió que el partido podría perder el Senado y perder la oportunidad de tomar la Cámara de Representantes si el presidente no se retiraba.

Un grupo de representantes demócratas está tratando de reunir apoyo para retrasar la nominación oficial para permitir desafíos a ella en la convención del partido en Chicago el próximo mes. Pero bajo las reglas del partido, es casi imposible reemplazar a Biden a menos que él se retire. Dijo en una entrevista televisada el lunes que no tenía planes de hacerlo. El círculo interno de Biden se ha apretado desde el debate, y ahora está consultando principalmente con un grupo de verdaderos creyentes.

Intento de asesinato de Trump: El Servicio Secreto se enfrenta a preguntas crecientes sobre su falla para detener el intento de asesinato de Trump, incluida sobre cómo la agencia manejó los informes de una persona sospechosa en el mitin de Pensilvania. En las semanas previas al tiroteo, las agencias de inteligencia de EE. UU. estaban rastreando una trama iraní no relacionada para asesinar a Trump, dijeron los funcionarios.

eSports at bet365: How Much Coverage and What Titles?

After looking up the top eSports

betting sites and their offerings, I've come to the conclusion that bet365 is easily one of the bookies who take electronic sports and concomitant betting seriously. The markets and sports put forth by the website are all and sundry. I found all staple titles of the gaming industry on the eSports section of the bookie.

League of Legends

(LoL) has been quite extensively covered in the past and with a good reason. One of the first titles that immediately had my attention was LoL, which is easily one of the most viewed games on Twitch TV. I was happy to find out that the eSports selection features more than what I could find at other bookies. Some of the most popular titles on offer at the website that immediately got my attention were:

Defense of the Ancients 2

Heroes

of the Storm

Counter Strike: Global Offensive

Starcraft II

Call of Duty

League of

Legends

Smite

World of Warcraft

EA FIFA Soccer

HearthStone

bet365 eSports certainly

covers its bases and as every self-respecting bookie, it is on the lookout for new titles, which have been coming and going in recent years. My guess is we can expect even more popular titles to be featured in the future.

Placing a Bet Could Not Be

Easier

I personally found the bet365 betting menu to be a bit outlandish for my taste and the website's beautiful design may prove a tad distractive when you set out to make a bet. However, after tinkering with it for a while, I realized placing a bet is perfectly normal and effortless.

The main difficulty stems from locating the match you want to bet on. On the other hand, it may be argued that bet365's rich offerings cut both ways – you are entitled to bet on quite a large number of odds, but then again slogging through the mountain of opportunities can prove a daunting task.

Now, in order to place

a bet, of course I had to fork out moolah. Luckily, bet365 eSports take a number of deposit methods that are charge-free. Cashing out is not much of a hassle either. All withdrawal methods are free of any fees and I found all my withdrawals were handled within a week.

Betting on eSports with bet365 Breaks Free from Desktops

As every

self-respecting bookie, bet365 offers much in the way of convenience so that the punter need not worry about anything as pesky as technology or faulty execution, or even the locales from which one is betting. To this end, bet365 has invested unstintingly in its mobile betting apps for both iOS and Android. And, as a matter of fact, mobile betting apps have become indispensable part of the livelihood of every bookie that wants to make it big in the world. I liked the mobile version somewhat better as it allowed for a straightforward betting process and the text was easily legible.

All sorts of bets

featured on the desktop versions are available on the mobile app, including live betting which is all the more reason for bet365 to have been expanding through an app. I find it very convenient that both the mobile and desktop versions share the same wallet, linked to my account so I could use the same credentials and have access to my banking account on mobile.

Apart from live betting, bet365 has a stellar in-house betting. Traditional winners and map winners are also lurking around the corners right there.

Customer Care Is Indeed Helpful

Customer support is something I always check when deciding whether or not to deposit and bet with a bookie. I found the customer care agents at bet365 to be quick in responding over the phone, via mail and especially in the live chat. Judging customer support on their own merits tilts the odds in favor of bet365, as they were always prompt and able to offer an answer to my query and a solution for every problem. Apart from that, I highly appreciate their extensive FAQ section that gives clear explanations and valuable advice to newly signed up punters.
