Introduction

Oasis Poker is a variation of Caribbean Stud Poker that permits discards for a fee. I've only seen the game with Net Entertainment, VueTec, and Gale Wind softwares. The game's low house edge makes it a useful option when blackjack and multi-hand video poker are not available.

Standard Rules and Play (Net Ent)

After placing a bet, the player and dealer are dealt a 5-card poker hand. Only 1 of the dealer's 5 cards is visible. At this point, the player can choose to discard one or more of his cards. For each discard, the player is charged a fee that is equal to the size of the ante bet. After making a discard selection and getting replacement cards, play is identical to Caribbean Stud Poker. The player must choose to either fold and lose the hand or raise. The raise bet must be 2x the ante bet size, so the total bet following a raise is 3x the initial bet size. If the player raises, then there are several possible payouts.

-If the dealer has an Ace and King or better (for example A,K,7,6,5), the dealer "qualifies." If the dealer does not qualify (regardless of whether the player wins or loses the hand), then winnings on the ante bet are paid and the raise bet is returned.

A key difference between Blackjack and Spanish 21 is that all 10s are removed from the deck in Spanish 21. A Blackjack occurs when the first two cards that are dealt equal 21 a combination of a face card (Jack, Queen, or King) and an Ace (which can have a value of 1 or 11, depending on your hand).

Spanish 21 is similar to traditional Blackjack but with more options and payouts. One difference is that all numbered 10 cards are removed from the deck leaving 48 cards in each deck. Jacks, Queens and Kings count as 10. Aces count as 1 or 11 (whatever is to the Player's advantage).
