Vampires Slot Machine

Like the subjects they're inspired by, vampire-themed games never grow old. In the pantheon of online casino games, vampires remain immortal and immune to changing tastes. In other words, create a vampirific game, be it a video slot or an instant win game, and you're onto a winner. At least you are if it doesn't suck, if you'll pardon the pun. Vampires by Amatic is one such game, a simply named and simply titled slot in which it's easy to scoop big wins with minimum effort. Spin, win, repeat. That's pretty much the formula here. There really isn't much more to it, but despite the simplicity of these games, they remain immensely popular, and no wonder. Slots like these are ideal for squeezing in between bingo games or sports bets. In other words, they might not account for the bulk of your online casino playing time, but they nevertheless perform a useful function. That being said, you can play this slot for hours on end if you're so disposed and have the bankroll and the credits to cover it.

First Blood

Amatic's Vampires is not a mobile-compatible game; in fact, due to its Flash-based design you may struggle to get it to work on desktop in certain browsers such as Chrome, let alone on iPhone or Android. There's a distinctly old-school vibe to this game, one which isn't the gainliest slot you'll ever play but which is a fun little number nonetheless. The playing card symbols are rendered in a thick gothic script, while themed symbols have all been given a tint that makes it appear as if there's moonlight reflecting off them. This is a 5-reel slot with 50 paylines and a total bet that can be set as high as 5,000 per spin. That's a staggering amount, and just goes to show that you should never judge a slot by its outward appearance. You'd never have guessed that this slot was concealing such a high limit game.

The buttons for adjusting the playing controls, which sit below the reels, are clumsily rendered. Or at the very least, they haven't been done particularly well, but if nothing else they're easy to make out. There's one marked Auto Start but you have no ability to adjust the autospin controls.

Although the themed symbols are quite alluring, the animations that accompany each win in this game aren't particularly well implemented at all. Again, this is simply because the game has aged and can't cut it against the newer and slicker slots out there. Winning symbols do little more than flash and rotate in a basic manner. Still, it works.

Wild Night

There's a card gamble feature that can be activated every time you record a win in the base game. Bet on the colour or suit of the next card to double or quadruple your wins and then repeat the process if you're feeling bold. There's a wild symbol which appears as a jeweled eye and

which will substitute for all regular symbols and then there's a scatter which is a red rose. Land three of these in view to trigger seven free spins. Of the regular playing symbols, the male vampire is the most valuable, worth 10,000 for five, while the vampiress is worth 3,000 for five and the castle, aka Dracula's lair, is worth 2,000.

Now It's Down to Rio

This is rated as being a medium to high variance slot, one which plays very similarly to Carnival in Rio by Gamesys. It too has 50 paylines and awards 7 free spins. It's a similar story with Overseas by Gaming1, but there are way more spins to be claimed here – as much as 50 at best if your luck's in. If you're simply looking for another slot you can play for free and has the same theme, check out Crypt of the Vampire. It's by Red Rake and is delightfully gruesome and blood-spattered. And if you're still unsure, you can browse all our vampire-themed games in our free slots online library!

Vampires in Conclusion

This is a game that's showing its age and which is unlikely to earn a place in your heart. Despite the kitschiness of it all, this is still an enjoyable slot, thanks primarily to the characters who appear on its reels. They're an eclectic and maverick bunch who look like they've been plucked straight from a Victorian horror novel. Bram Stoker would surely approve of their pale white countenance and air of sophistication which conceals their savage tendencies. In action, Vampires is a straight up slot, one that's easy to get the hang of. Thanks to the card gamble feature, it's easy to make your money go further and to notch up respectable sized wins. It's not a classic slot by any means, but it is still a bloody ball of fun.
