If you'd like to use this payment service, you'll first have to set up a PayPal account. Signing up is done with nothing more than an email address and a password, plus it's completely free. The next step is to add a bank account or a credit / debit card (Visa, MasterCard, Amex), and from there on you can simply login with the same two pieces of information to pay for your online purchases. Additional verification can be done to enjoy extra benefits such as lifting the withdrawal limit on your PayPal account.

Related fees differ depending on which country the client is from. For example, US citizens are charged 2.9% plus R\$0.30 to send money via a debit or credit card. Transferring money out of their PayPal balance using the linked bank account is free, while Instant Transfer costs R\$0.25 per transaction. There are also small fixed fees for sending money in other currencies.

PayPal Mobile app is available for iPhone, Android and Windows Mobile and can be downloaded via PayPal website or iTunes, Google Play and Windows Phone Marketplace. One Touch allows you to complete purchases faster by choosing to stay logged-in, meaning you can skip the PayPal log-in screen when paying via the same device and same browser.

PayPal.Me makes it even easier to receive money; all you need to do is share your PayPal.Me link with whoever is paying and they'll be able to send you cash without knowing your email address or your mobile number. It costs nothing to set up and can also be used on iOS and Android smartphones and tablets.
