Starting with single player campaign. I am mixed about it. Treyarch always has a good story. But it suffers with 4 the typical kill 1000 enemies every time you walk into a area. I get why this was a thing 10 4 to 15 years ago but technology has moved on but cod campaign is stuck in the past. The SP could 4 be a huge selling point for cod and not just an afterthought. Treyarch does switch things up more in their 4 campaigns then IW and Sledgehammer but they never adapt on these changes in future games. Like the new dialogue system 4 and character profile will probably be gone in the next black ops even thou it was a nice feature. 1 4 thing that cod should start doing is less ammo, hugely improve the AI, and increase damage for both player and 4 AI. Make each enemy encounter have multiple different approaches and ways to take down the enemy. Improve the stealth aswell 4 and give me the option to stash bodies. Every encounter is identical blurring them together. Their is nothing to with 4 having a missions where your like a god killing 100s of enemies but every mission? It just feels draining. I 4 would rather 20 enemies that all adjust to what I am doing, if I reload or get shot and have 4 low health they should make a push or throw a grenade, they should take flank routes if I get comfy 4 in a single spot and that sort of stuff. Not 100 enemies that run at me and a straight line. 4 Campaign AI is the same as zombies but they have guns. Cod needs to move it's single player into today 4 and move on from the PS2 style gameplay. Next the zombies. This new style isn't for me. When they changed 4 Black ops 4 I thought the same thing. Now I didn't realise how good that games zombies was was compared 4 to cold war. They have basically made zombies into its own objective based game type instead of the fun round 4 based survival mode. Everything is marked out so now it just feels like busy work. The maps are massive. I 4 wish they bought back a couple old maps like Der Riese for those who don't want this new style. They 4 got this open world zombies which is cool but it's still early days. Maybe in future they will expand upon 4 it. Multiplayer. Same as every cod, nothing more to say. Read More
