Swedish-based developer Fantasma Games broadens its portfolio with Elemento, an online slot built around the four elements of earth, air, fire, and water. Elemento is Fantasma's first grid slot, and the studio has made the most of the opportunity by going relatively large. It has features and payouts that will have you at the edge of your seat as the 6 wins land.

### Slot Features

You play on a slot that has a 7X7 reel setup

where the paying symbols can land, but with the help of the outer element area, the reel setup becomes 9X9. Clusters of 5 or more of the same symbol type creates a winning cluster. You can choose between making a Min.bet of 0.20 and a Max.bet of 60. Elemento has an RTP of 96.33% in the base game and if you use the Buy free spins feature it is an RTP of an incredible 97.94%. It is a high volatility, and the lucky player can get a maximum win of up to 16000 X the bet.

Whenever you load Elemento, you will interact

with animated characters with different colours such as red, purple, green and blue.

These symbols represent the standard paying icons in the slot and will award different payouts depending on the icon and the number of times the symbol appears matched in a cluster.

The Avalanche feature makes the winning symbols disappear, and new symbols drop from above to give you a chance to land another win. Note that the symbols in the Element Area aren't affected by the Avalanche feature.

### Tornado Feature

#### The Wind Element

Wild symbols activate this feature. A regular symbol is selected, and 8 symbols adjacent to it are either transformed into the same symbol or removed. This feature can also be activated twice.

### Demolition Feature

Once this feature is activated through the

Earth Element Wild symbol, all low-paying symbols of a particular type will be removed from the reels. It can be activated up to 4 times and remove all low-paying symbols from the reels.
