Should you wish to Cash Out, all you need to do is click on the Cash Out button located below your selection(s). If you choose to Cash Out your entire bet, this amount will be settled and the final result relating to your bet will have no impact on the amount returned to your account.

[{k0}](#)

You would receive your stake plus any profit at the time of cashing out credited to your account. Your remaining stake would be left to run. Should the bet go on to win, you will return your remaining stake plus any profit from that stake.
