Revolut Payment Method Explained

Revolut is an electronic payment method aimed at 'tech savvy' customers. Over 100 million transactions every month are carried out using Revolut, and betting sites that accept Revolut were previously incredibly popular among players around the world. It was launched in the UK in 2024, but has not been free of controversy. Now the brand has over 12 million customers from all over the world, as well as around 500,000 business customers.

There are over 30 currencies that can be used in tandem with the Revolut app, and it can be used in over 35 countries as well as the UK. We at Betting.co.uk cannot recommend using Revolut for online gambling at new gambling sites. Thus, we've tailored a guide to finding a great alternative so that you can fund your betting account with ease.
