A Place bet is a bet type that requires you to select a horse to finish in the placings (1st, 2nd or 3rd). Your runner can finish either 1st, 2nd or 3rd for a winning resulted bet. The number of runners in the field will determine the amount of placings that will be paid out.

Cash Games In these games, chips represent the actual money of a player's buy-in. For example, a player may receive \$200 worth of chips in a \$1/\$2 No Limit Hold'em game. Players usually try to buy into a cash game for at least 50 times the big blind. After a nice run that \$200 may have grown to \$500.

The limit for each player is the number of chips the player has in front of them. If the player has only 10 chips, they may bet no more than 10 and he may call any other player's bet to that extent. In table stakes, no player may withdraw chips from the table, or return chips to the banker, until they leave the game.
