So what games can you play beyond the world of Minecraft Classic? Thankfully, since Minecraft was so influential, there are plenty of Minecraft-inspired titles to take you beyond the realm of creepers and procedurally generated worlds. Ever wondered what 2D Minecraft would look like? What about online parkour? Check out Bloxd.io.

Original Minecraft

However, if you want to play the original pre-release game, Mojang released Minecraft Classic for the game's 10-year anniversary. This version is based on the browser-based alpha version of the game, a great bit of nostalgia for the original Minecrafters out there.

Moving on to similar games, there's plenty of sandbox games in this genre. Some of these games are self-claimed Minecraft Clones like Mine Clone 3, which features many similarities with the original game.

Minecraft-Inspired Games

There's plenty of innovative titles that take Minecraft elements to create an entirely new game. Check out Merge Pickaxe for a game that combines Minecraft and idle elements. Minecraft Tower Defense is another cool Minecraft-inspired game featuring addictive tower defense mechanics! For an FPS game that'll have you hooked, Pixel Warfare is a classic FPS game with a Minecraft-style aesthetic.

Minecraft Zombie Games

If you like your blocky world packed with multiplayer action, games like Pixel Gun Apocalypse 3 satisfy the demand to play fast-paced FPS in a Minecraft-like environment. Others, like ShooterZ and WorldZ involve fighting for survival in a-blockalyptic zombie landscapes. There's a plethora of Minecraft zombie games you can play in your web browser.

For more free Minecraft games, have a browse through the game collection and see what you can find! All of these titles can be played for free in your web browser, no download required.
