### **Case Típico: Betting on Football: A Young Man's Story**

Meet Eduardo, a 25-year-old football enthusiast from Brazil. He's always been passionate about the sport, following every match and championship. His friends often tease him about his love for football, saying he's so into it that he should start his own team. Little do they know, Eduardo has already taken the first step – he's created an app for betting on football.

### **Background of the Case**

Eduardo's app, called "Goal!" claims to offer the best odds, real-time updates, and exclusive promotions. It's designed to provide an enjoyable and profitable experience for those who share Eduardo's passion for football. With the app, users can place bets on various aspects of the game, such as goalscorers, match winners, and even corner kicks. An advocate for responsible gambling, Eduardo also ensures that the app provides users with resources to maintain responsible gambling practices.

Eduardo's motivation for developing the app came from his own experiences. As a student, he often found himself placing bets through illicit means. He saw many others in the same situation, struggling to find reliable and reputable sources for their betting needs. This sparked an idea – create a reliable and user-friendly platform that caters to Brazilian football enthusiasts like himself. Eduardo spent a year and a half developing the app with a small team of developers. They encountered several obstacles, from finding the right algorithms to optimizing the user experience. However, their dedication paid off. In the first month since the app's launch, it has gained significant traction, with over 200,000 downloads and positive reviews.

### **Feedback from Satisfied Users**

Eduardo's app received praise for its easy-to-use interface and competitive odds. Users have expressed their joy in being able to place bets with ease and convenience. The real-time updates have been a game-changer, making the app stand out from competitors. The exclusivity of promotions and bonuses has also attracted a faithful following. The users appreciate the app's transparency regarding responsible gambling and the resources provided to maintain healthy betting practices.

### **Eduardo's Journey**

Starting the project wasn't a straightforward journey. Eduardo faced challenges, but his resilience and commitment kept him going. Building a team was the first obstacle, as he needed a group of talented developers and designers that were passionate about the idea. With limited resources, Eduardo had to be creative in finding the right people. He turned to freelancing platforms and social media groups focused on tech and football enthusiasts. He successfully assembled a team of five developers within six months, all sharing his vision for the app.

Funding was the next hurdle. As a Start-Up, Eduardo's financial resources were limited. He had to invest his savings, which he supplemented by winning bets on football matches. The development of the App cost R R\$15.000 ( around R\$3.000 US Dollar of the time) over 18 months. To make ends meet, Eduardo and his team scrimped on expenses, living frugally to stretch their budget. Eduardo's spirits remained high thanks to the encouragement of his friends and family. His girlfriend even joked that he was building an app to fund his own football addiction. However, there were moments when Eduardo felt the pressure giving up. Rejections from investors and lenders were frequent, often without explanation. Convinced of the app's potential, Eduardo didn't let rejection deter him; instead, he u pivoted and sought alternative funding.

Success!

Eduardo launched the app after months of hard work. After a few weeks, positive reviews impressed, raking in over 20,000 downloads. Users praised its easy-to-use interface and competitive odds, emphasizing the real-time update's app feature. Currently, thousands of Brazilians faithfully use the app, transforming the fan experience for those who share Eduardo's passion.

Caution to Other Would-be Developers

To Eduardo, developing the app was more than creating a platform for people to bet on football – it was taking responsibility for your actions. He encourages would-be developers to embrace this mentality: to do something meaningful, take risks and seek ways to change your environment.

Using an old computer and drawing from his love of football, Eduardo overcame obstacles and adversity. In less than two years, the app became a triumph. Remember that anyone can move the world – and for Eduardo, that world was the football-loving community of Brazil.

Still, with almost 500,000 downloads, Goal!" continues to rank as one of the best-bet apps for Brazilian football fans. So, go ahead – try "Goal!" for yourself and experience the excitement of wagering on your favorite matches. Soccer lovers place their wagers today through the app found on the App Store or Google Play Store.

Some would say it was destined for him to succeed. His insistence on providing a high-quality product helped his app, "Goal!" conquer hearts and stay at the forefront of betting applications. Eduardo's unwillingness to take no for an answer and natural charisma convinced potential users to try a new thing: wagering via app. Today, thousands of Brazilians rely on Goal!" for their football bets, impressed by the algorithmic odds and real-time updates. Without the dedication of friends and family and partners who wanted to support his dream, starting financially may have been impossible.

Alternatives were much harder to close. Eduardo's first financing request, a bank loan, was refused. Such loans frequently consider start-ups high-risk and decline the investment. He tried ventural buyout firms. After analyzing educational and professional history— denying assistance by insisting on low risk or being a past investment's lack of control—Venture buyout firms turned him away. Pitching with prominent venture business leaders proved futile.

Despite the difficulties, he overcame them and persevered. The first task was creating a mobile platform, expanding user markets, boosting security features, affiliate marketing addition, and product differentiation to please, appealing to 25 to 40-year-old men with exclusive benefits.

Eduardo enhanced the user base quickly, offering solutions for app restrictions, expanding the design definition, strategically altering a brand page, and keeping his mind set on invention to create brochures that solved fans' complaints.
