Your goal is to draw cards that total 21, or come closer to 21 than the dealer without going over. The dealer and each player start with two cards. The dealer's first card faces up, the second faces down. Face cards each count as 10, Aces count as 1 or 11, all others count at face value.

21 + 3 is a fun, exciting variation of the standard casino game of blackjack. After making a wager on the blackjack hand, you may make a side wager that is based on a 3 card poker hand. The side wager is a bet that your original two cards combined with the dealer's up card will combine for a winning poker hand.
