Just one cooked sausage, leftover from a barbecue, or any meal, is enough to make this simple one-pot wonder, inspired by the Italian classic *orecchiette con salsiccia e cime di rapa*. In the original, raw sausage is skinned, broken into pieces and fried with cime di rapa (turnip tops), then tossed with cooked orecchiette. However, being a bean enthusiast, a speedier version using creamy butter beans instead of pasta has been developed. In Italy, turnips are mostly grown for their flavoursome green tops rather than their crisp roots as in northern Europe. Therefore, if you're lucky enough to find a bunch of cime di rapa or some turnips with their tops, use those here; otherwise, any combination of leafy greens and/or brassica will do.

Feijão com salsicha e brócolis

Replacing the pasta with creamy beans makes this even easier and quicker to make than the original, not least because it's all done in just one pan. A quick online search showed that the idea had already been developed by my friends at Bold Beans.

Serve para 2 pessoas

400g de cime di rapa (folhas de nabo), ou uma combinação de brócolis roxo, brócolis tenderstem e alguns verdes folhosos (kale, beringela, espinafre)

Case Tip: Ricardo's Sports Betting Journey

Meet Ricardo, a 35-year-old software developer from Sao Paulo, Brazil. Ricardo was always passionate about sports, particularly soccer, and loved to watch matches with his friends. One day, while watching a game, Ricardo's friend mentioned that he had won some money betting on a soccer match. Intrigued, Ricardo began to investigate the world of sports betting. He started by researching different betting sites and reading tips and strategies online.

Background:

Ricardo spent several months studying and analyzing sports betting, even trying some low-stakes wagers. He quickly discovered that there were few resources in Portuguese, and most of the information he found was in English or other languages. However, he persisted and started to develop his strategy.

Ricardo's Approach:

Ricardo decided to place small bets on soccer matches, focusing on his favorite teams and leagues. He started by studying team statistics and player data to determine the likelihood of specific outcomes. After a few months of betting with modest success, Ricardo increased his confidence and began to invest more money in his wagers.

Breakthrough:

A pivotal moment came when Ricardo placed a bet on a game between Flamengo (BRZ) and Barcelona (SPA). After thoroughly researching the teams' form, injuries, and suspensions, he predicted a Flamengo victory. The match went according to plan, and Ricardo collected his winnings. That win gave him the confidence to expand his betting strategy and look for more significant profits.

Strategies:

Ricardo refined his strategies over time, focusing on a mix of traditional and advanced methods. He looked for trends in teams' past performances, tracked player statistics, and recorded results to refine his understanding and spot profitable opportunities. Ricardo kept a detailed spreadsheet to analyze his wins and losses to adjust his technique adequately.

Tips for Success:

Challenges and Insights:

He discovered that finding reliable sources and quality information in Portuguese was challenging, making it harder to improve his betting skills. After coping with early losses, he realized it was crucial to develop his approach and make it more efficient for long-term success. Ricardo had to balance his need for independent research with the potential to rely on a few external sources that may influence his decisions.

Ricardo observed that, unlike businesses with a one-size-fits-all approach, success in sports betting depends on individual efforts, commitment, and personal research. He found that embracing independent research created possibilities to discover resources and tools that applied to his specific situation. Ricardo came to understand that the odds would always be against him; whether he won big was insignificant. His wealth came by understanding how various tools, data sources, markets, and betting methods matched betting methods. It all came down to how well he managed his money, taking small risks and frequently keeping his head in the long-term process. There were other key challenges; avoiding harmful addiction habits was one. Ricardo's organized approach prevented unprepared and unbalanced actions. Resisting the temptation was crucial

when he needed more knowledge to invest. For effective wealth development, he worked hard to create a balance between external factors like family responsibilities and personal habits and a wholesome independence of method and goals.

Additional Findings and More Possibilities:

Over time, Ricardo discovered a collection of alternative, helpful resources to improve his successful betting methods.

He strongly believed that with controlled risk-taking, patience, introspection, and individual adaptation could unlock the potential for significant rewards in sports betting. Ricardo intends to spread his love of sports betting to others in Portugal while sharing 7 helpful tips for novice bettors. He has grown his bankroll and skillfully manages risk by following these tips. Given the high risk of sports betting, success stories like Ricardo's show the potential for profiting from diligent research and effort. His insights help would-be bettors understand sports betting's difficulties and opportunities.
