A 3-way bet is a bet on an event that has three possible outcomes: Team A wins, Team B wins, or a draw. The odds on a 3-way bet will always be higher than odds on a similar two-way bet considering there is an additional outcome.

3-way bets are all those sports wagers that have three possible outcomes. This means, you have three options for your wagers. If a sporting event can end, in addition to a win and a loss, with a tie, you do indeed have three possible results that might occur.

Three-Way Moneylines, Made Simple. Whereas a typical moneyline bet involves a bet on one of two options, three-way moneyline betting involves three options. When wagering on a three-way moneyline, you can bet either Team A to win, Team B to win, or for the event to end in a tie (sometimes referred to as a 'draw').

Over 2 Bets win if there are three or more goals scored in the match. If there are two goals exactly, the stake is returned. Bets lose if there is 0 or 1 goal scored in the match. Over 2.25 Bets win if there are three or more goals scored in the match.
