As apostas internas (apostas interiores) são apostas colocadas na porção interior da grelha numerada da mesa. Ao jogar uma aposta interna, isso significa que está a apostar nos números de 0 a 36. Na variante americana do jogo, há o "duplo zero" adicional, que também é uma aposta interna.

I downloaded this to test out strategies and different bet placements to use when I go to casinos. One particular strategy calls for accounting for all but 8 numbers on the table. When I did this, the ball landed on the unaccounted for numbers 8 times in a row. A variation of this happened multiple times while using that strategy. While possible in real life, you get a sense that the app knows what numbers you aren't playing, so take it with a grain of salt. For more fair play, play the live mode. Overall though, the layout is visually appealing and it's still fun to play.

I have been playing this game for years and today I lost 2 billion dollars in ten minutes? How can red/odd roll up 18 times in a row?? Then any few times I change up my bets are the only times you change your routine?? Too Coincidental for me for it to just be bad luck. I may give you another chance but if you just keep taking my money(points) I will be looking for a fairer app to play.

Hi, You can avoid

ads forever by simply making a purchase of chips for as low as 2-3\$. You will get chips and avoid ads as well. Best, Raj

This app uses ads as most do but lately they post ads that are 30 sec in length. And some ads have no close button so you end up staring for minutes trying to find what to press to get back to your play. Often I just close the

app to get back to roulette which loses your play data. Hope they can check what ads they post and make it user friendly. Also hope they can have an option to pay reasonable annual fee for ads free use. After I made a R\$4.99 purchase ads free now.

Thanks
