Sophisticated online tool for honing poker skills

PokerOffice is a bundle of software

that can help poker players track specific moves 7 during gameplay. This can be an excellent tool for those who are just learning or during times when a statistical 7 analysis will help to improve a specific strategy. Advanced algorithms follow multiple metrics and these can thereafter be examined by 7 the user. This entire package is essentially a very useful instrument which can be used alongside an existing strategy.

Main Features 7 and Uses

To be clear, PokerOffice is not meant to serve as a guideline in and of itself. It is rather 7 an excellent addition when more detailed information is required. Some of the factors that it will record include player rankings, 7 the size and odds of a pot and how often an opponent will flop during a given number of hands. 7 We should note here that all of this data is presented in a live format. This system will also monitor 7 the movements of the user.

Other

Benefits

PokerOffice is said to currently support more than 30 online poker sites. All data can 7 be exported into various formats such as spreadsheets or PDF documents. So, players can review or share this information when 7 required. This package was released by PokerOffice.
