Let's take a closer look at the most popular India casino live games:

It's a well-known

social game where players need to act and think quickly and play more hands. No matter whether you play poker online or in a live casino, the rules are the same. Your goal is to bet and bluff, deliver, and receive bad beats. Playing live poker is a good solution for those who want to play their favorite game right now and don't want to go anywhere, trying to find a land-based casino.

It's one of the most popular casino games where you'll have a real dealer, a real wheel, and a real layout. Simply put, live roulette is a real roulette game, the same as you play in a traditional casino. But in this case, you'll have a dealer who rules the game. So far, playing roulette in casino online India can be a fantastic gaming experience!

Currently, blackjack is one of the most popular table games. When you play blackjack live, you'll be placed at a classic Blackjack table (a deck with 52 cards). You win a round only if you have more points than your live dealer. The round is lost if you have more than 21 points. Choose online blackjack if you like this game but don't want to leave your home to play it.

Again,

it's the same game as you play in a real casino. Nevertheless, when choosing live baccarat, you'll play online with a real-life dealer. This person usually deals with cards, and you need to decide which hand to bet on. Remember that live casinos provide a fantastic gaming experience, so you won't regret it if you prefer online baccarat to a real game.

It's a well-known card game in India, which later became popular in South Asia. The other names of this game are "Flash", "Flush," "Three Cards." The game is usually played by 3 or 6 players with a 52-card pack. Teen Patti live also begins with placing a bet.

It's a game of chance where a live dealer needs to place a card face up. The player can bet on two piles: Bahar (outside) or Andar (inside). This game comes from Bangalore, and currently, it's one of the most popular games in Indian casinos.

It's another Indian card game, extremely popular among gamblers in this country. In this card-based game, you need to wager on the next card from the pack (over or under 7). An ultimate number of users can be engaged in this game simultaneously.

It's a fast-action game, very popular among Asian players. In this game, you need to decide whether to wager on Tiger or Dragon. After that, a live dealer must draw one card on both sides.

In this case, the result is determined by the highest card. In other words, the rules of this game are very similar to Baccarat.

It's another

luck-based game, where all that a player needs to do is to place chips on a bet box. You'll be a winner only if the outcome of the roll is the same as your bet! The greatest benefit of this game is that it features a broad selection of bets and each of them has a variety of payout odds.
