Apart from pre match betting The Bwin mobile app has a well developed in play betting section in which you can bet on games that are happening in real-time even from your mobile device. To wager on live games, you can access the Live button at the top left of the app page or the bottom right and you will see all the live games on offer. The sportsbook offers live games on all sports betting options it provides. The live section, like other Bwin sections, is well-updated with excellent graphics, regularly updated statistics, and written commentary to keep punters well-guided as they place their bets. Odds during live betting change quite fast depending on how the match is going on.
