## Funding Your 1xBet Account with USSD: A Comprehensive Guide

### Introduction to 1xBet and Deposit Methods

The 1xBet platform allows users to predict and place bets on various sports games. Among the deposit methods available on the online betting platform are UPI, Google Pay, Jeton Wallet, Netbanking, Neteller, Paytm, PhonePe, Skrill, and USSD.

### How to Use USSD on 1xBet

This method is easy to use and can be accessed through your smartphone using the USSD code. To use this option, follow the steps below:

- Open your phone application and access the number keypad.
- Dial \*790# and wait for a response from your network operator.
- Enter your mobile number associated with your 1xBet account.
- Ask a question to check your balance (e.g., "What is my balance?") and send it.
- Follow the additional instructions provided by the platform to complete your recharge.

### Trusted Recharge Stations

Most mobile money recharge stations (such as MTN, Vodacom, Airtel, Orange, etc.) allow you to make 1xBet top-ups as well. Contact an authorized local seller to complete this operation immediately!

### Features and Additional Functionality in the 1xBet

The 1xBet offers a dynamic online betting platform with various options and markets. Among them, stand various global sports bets, real-time virtual sports, and online casino game partnerships.

### Frequently Asked Questions

Can I use any banking app for deposits?

While we recommend using Google Pay or Paytm for convenience, many online banking platforms accept USSD payments made in 1xBet if these are associated with your bank account.

Why does it take so long to recharge?

Although smooth recharges should be working normally, any delays could be attributed to high demand for USSD services.
