About Playtech

Playtech are well known for being one of the most exciting and diverse iGaming companies in the industry, having 5 developed a multitude of unique and bespoke casino games and services to players and operators alike since the company was 5 founded in 1999.

Having made his fortune in the stock-market, Israeli businessman Teddy Sagi wanted to capitalise on the rapid growth 5 of the internet in the late 1990s, and as a result, found himself in Estonia where he amassed a team 5 of software developers and iGaming professionals that would go on to form the company we know today as Playtech.

The monumental 5 growth of Playtech

The company slowly began releasing casino games in 2001 and found themselves an instant hit with operators, who 5 were suitably impressed by what the fledgeling company had to offer.

Over the course of the decade

Playtech signed a deal 5 that saw the very first European land-based casino go digital, they launched their bingo, poker and mobile gaming divisions as 5 well as their hugely popular live casino.

After being admitted to the AIM, the secondary market of the

London Stock Exchange 5 they were valued at almostR\$1 billion and signed exclusive deals with Paramount and Universal to create online slots based on 5 films Gladiator and The Untouchables, with the former proving to be a HUGE hit with players even today.

Trouble

in paradise

During 5 their period of unfathomable growth, the company did come into trouble with the US Government after The Unlawful Internet Gaming 5 Enforcement Act was passed. This led to Playtech, along with many iGaming companies, leaving the market and focusing elsewhere.

Despite taking 5 a battering on the stock exchange, this didn't stop

the company from continuing to grow, instead, they moved their attention 5 towards acquisitions elsewhere to make up for any lost revenue left behind in the United States.

Playtech builds a lasting legacy

In the last few years, Playtech has worked tirelessly to bring players an incredible library of online casino games, with their online slot catalogue growing increasingly more impressive as the years rolled by... For several years Playtech dominated the market with a number of Superhero themed slots that were branded by Marvel and DC.

When Marvel was purchased by Disney Playtech had little choice but to give up the IP as the house of mouse looked to banish anything that may tarnish the company's reputation, and unfortunately for Playtech, gambling fell under that remit. Thankfully, the DC slots still remain as part of the DC Super Heroes series of games.

In a bid to replace the hugely popular Marvel Slots the company created a brand new set of games that have become synonymous with the online slots world, becoming what is widely regarded as the greatest slot series of all time, Age of the Gods.

With their incredibly lucrative Age of the Gods progressive jackpot dominating casinos, a ton of enjoyable online slots and their fast-growing live casino portfolio it seems that Playtech can only continue to go from strength to strength from here on out.
