* Chainblock: A blockchain-based platform for supply chain management.

For this reason, these palavras-chave can be used for the base of this type of search, resulting in articles, posts, and various content focused on reporting on official news, new features, interviews with influentials and other strategies. to disseminate content that addresses topical issues that are of interest to the correct target audience.

the objective audience is people who work or are interested in blockchain and gambling because these contents were produced using the search terms suggested by Google and Bing, which addressed the purpose of the search mentioned at the beginning of this brief. These links contain valuable information and definitions for people who are interested in Gambling. The palavras-chave provided contributed significantly to exploring the concepts of blockchain and gambling. It's important to emphasize that, despite the development of new tools for working with blockchain and gambling, these services still require human mediation so that users can have a more humane experience; Otherwise, if there are difficulties, there will be no one to contact, no knowledge of support, no in-person service, no assurance, no confidence and so on.

Therefore, articles generated for this type of research should emphasize, with many examples, the need and the importance of human and ethical assistance for any contracts signed and celebrated through its technology. It is extremely advantageous to use high persuasive and seductive power in the most excusable and tempting way possible, emphasizing and playing with the psyche and id of the potential investor, extolling the benefits, but, at the same time and above all, giving importance, priority and security to highlighting and emphasizing the terms, conditions, penalties, risks and losses, costs, applicable laws, jurisprudence and the country applicable to the terms and conditions and celebrated so that nothing is left unclear and thus prevents legal, ethical and moral surprises, in order to avoid lawsuits. Likewise, emphasizing safety while making it clear what a remarkable profit can bring of immediate benefits, in these cases it's the company/corporation, and the investities or rather stakeholders can clearly see which entity assumes and stands out for resolving conflicts using the applicable and most accepted rules, demonstrating the efficiency, the reason for the problem, and any attempts impartially. It seeks to ensure that all gaps, risks and losses are covered, where applicable, analyzing hypotheses of competitors that have occurred throughout history that were resolved or unsolved, assuming the negative points and reinforcing the company in cases where it has already been processed.

Some relevant doubts to be answered may be:

* What about applicable laws, regulations, jurisprudence and applicable rules?

* How are the involved parties (clients, companies, institutions) classified in the regulations that regulate this new market?

* Was a classification made in cases of non-compliance? Understand what should happen to companies or individuals who act disorderly such as misuse, abuse, theft, attempts against the social order and morality and established trust but on that occasion the customer or rather player does not accept so in obedience they will argue their reasons and seek justice demanding retroactively what they consider convenient among other attempts?

In view of the above. summarizing the ideas, we try to broaden knowledge and guide the content for customers interested in gambling on the internet in particular and in general, the new forms of fun and profit that technology has brought to society in different segments of the world, based on a humane perspective, aiming to invest with a target audience focused on quality content without neglecting interesting interviews from companies not in line with investors and entrepreneurs who always make decisions based and guided by rationality, taking into account other external variables of interference that the market, society and psychology go through and are influenced, valuing your time with knowledge for a more educated research.
