When no bonus gets activated, the base mode is still entertaining but once wilds, scatters or other special symbols or features show up on the screen, it gets to the whole new level.

Book del Sol: Multiplier is a cool slot machine with expanding symbols during free spins, five reels and 10 lines. In the Book del Sol: Multiplier slot, the book mechanic is implemented, which means that during free spins one of the symbols will be selected as expanding and will bring payouts regardless of its location on the playing field.

There are two ways to get the right to participate in free spins, the first (standard) is to wait until the required number of scatters to trigger the feature appears on the playing field. The second paid (buy a round) will cost 100 times your stake. Also, pay attention to the fact that during free spins a special scale will appear above the playing field; when sun symbols fall on the playing field, it will fill up and gradually increase the multiplier values for the expanding symbol.
