The Gladiator Jackpot slot opens with a shot of the film's protagonist standing in the Coliseum, a battleground for all history's best-known warriors. The sun is streaming down behind him, his features are set in shadow, and you can almost picture the fierce warriors or wild animals that he's facing.

The stone option buttons help to

complete this immersive aesthetic, while film stills remind you that this is more than just an homage or a copycat, it's a fully-licensed title given free rein to explore one of the 21st century's most iconic films.

Play for Real Money

Enter the Coliseum and

fight the good fight with this game. You can play this hack-and-slash heroic title for yourself when you sign up at Casino UK. Just deposit some money into your Casino UK account to take a real money spin and countless other slots.

If you can't resist some

ancient action and a little Roman warfare, then you should also take a peek at Gladiator Road to Rome. Which is also set in history's most gruesome arena.

Jackpot

Gladiator Jackpot has a progressive jackpot that is often well into

6-figures and can be triggered at random. The jackpot is activated during the Jackpot bonus round, which itself is launched when 3 of the Gladiator Helmet symbols appear on the reels. There are also symbols that return wins of 1,000x and 5,000x!

Commodus wasn't always a welcome sight in the film, but he's certainly welcome in the Gladiator Jackpot slot as he represents the biggest main game symbol, triggering a maximum payout of 5,000x. He is followed by Lucilla, Gracchus, Proximo, and Juba. The Coliseum symbol acts as the Scatter and is another big symbol, as it activates the Coliseum bonus and triggers an instant win that ranges from 1x (for 2 symbols) to 100x (for 5 symbols).

The Coliseum Bonus is a simple game of selection that can generate prizes such as bonus Spins, Multipliers, and extra Scatters. Speaking of the Scatter, this takes the form of a Silver Gladiator Helmet and activates the Jackpot Bonus when it appears anywhere on the three middle reels.

9

helmets are chosen at random and players receive cash prizes based on the value of these, with Bronze, Silver, and Gold helmets. If all 9 of them are Gold, then the game's jackpot will be released.

Software Mobile Experience

As good as the Gladiator

Jackpot slot looks on desktop, it looks even better on mobile. The visuals are as striking as a Gladius, as epic as a Chariot Race, and as unforgettable as the film on which they are based. The features really come to life on the smaller screen as well and were designed to accommodate small touchscreen devices, ensuring there are no frustrating mis-taps or lag.

If you have a reasonable and secure Wi-Fi connection, an Android or iOS device (tablet, phablet, smartphone) and a Casino UK account, then you're ready to play the game for yourself.

If not, then now's a good time to sign up and join in!

CONCLUSION

The Gladiator Jackpot slot was released a few years ago, but it remains one of the best ways to experience the ancient world, to test your mettle against gladiators and kings and to take a shot at winning a big jackpot. There are two features, lots of great visuals, and mobile compatibility that ensures no players are left wanting.

Play Gladiator Jackpot today when you sign up at Casino UK. Just remember to collect your Welcome Bonus first. This is offered to all new players who meet the bonus criteria, including minimum deposits and deposit methods.
