Click and drag your mouse to play this game. Release the mouse to return the face to its original position. This game will suit all ages, with straightforward controls and entertainment.

Baby faces always make us want to pull and pinch because of the cuteness and elasticity of smooth skin. Do you find it interesting to pinch the cheeks of a child's face? A highlight is the movement of the skin. After each time you pull or pinch the face, you will see the return of the face with interesting skin movements.

The movement of the face is like sea waves. Do you like to play with smooth skin? Please press the start button of this game to enjoy relaxing moments with the elastic face!

Pinch the cheeks of the face, and stretch the skin to the left or right, up or down. There's nothing that you can't do. When playing with the face, you can release it to enjoy how s skin returns to normal. No matter how much you deform a character's skin, it will return to how it was.

Besides that, the mouth and nose will also bring us entertainment. They look so funny and cute. They will also inevitably distort after each time you play with the character's face. The nose is small, the mouth is always open, and the ears are cute. All these factors help you have a wonderfully relaxing experience.

In addition, keep an eye out for this guy's eyes. Those eyes can move extremely flexibly and follow your mouse pointer. In particular, these eyes will also be dragged and always look at the mouse pointer when you play. So interesting!
