A favourite Aviator strategy for many players is to set two bets for each round making use of the auto-play features. One bet is set using a slightly higher stake with the auto cashout set to a lower multiplier like 2x or 3x. The other bet features a lower stake with the auto cash out set to a much higher threshold.

European Roulette

Spin the wheel of fortune! Sit down at the table, place your bets, and spin the wheel. When the roulette wheel starts spinning, you never know where it's going to stop!

This European Roulette game delivers a world class experience with an attractive table and billboard, and the intuitive design makes game play easy. With the dynamic billboard and racetrack betting, the feeling of sitting at the table rail has never been more convincing in an online environment. It gives you the thrill of the casino without having to walk away from your computer.

The flow of the European Roulette game round combines the best aspects of an online and land-based casino experience. Spin the wheel of fortune today! You can bet on any particular number, any combination of numbers, color of numbers as black or red, even or odd as the outcome of a spin. European roulette supports simple rules and regulations. The house edge is lower than American Roulette. The chance of the ball landing on any of the pockets is 1 to 36.

The reason that the Dutch government didn't approve of Betfair operating within the country is because of several illegal and unfair practices that the site uses.
