Morgana Megaways is a video slot with a captivating fantasy theme and a unique Megaways gaming engine. Expect an interesting game that does not have your average grid set. Our review below reveals other aspects of the game that you should anticipate.

Slot Features

This slot is playable on 6 reels, 2-7 rows, and 117,649 paylines. This slot is based on a fantasy theme and a dark story with Morgana being the main character. This slot has a payout percentage of 95.98% with high volatility. Playable from 0.20 to 20.00 per spin, the game is powered by a high volatility maths model.

There are quite a few icons that will bring you some kind of added value, and these are ones that you want to continuously be on the lookout for. The first of these is the wild, which is a big green W. This one stands in for other symbols to help create a winning line. However, it won't rub the scatter. This one is known as the Bonus Symbol in Morgana Megaways and is a goblet. The last special icon is the mystery symbol, which is a crystal ball.

Of the regular icons, Morgana is the highest paying if you land her across an entire payline.

Among the other symbols that fall into the higher value category are snake's eye, a silver dragon and a purple gem. The lower-paying symbols are standard playing cards 9, 10, J, Q, K and A.

Mystery Symbols – The mystery symbols can appear randomly during the regular gameplay or the bonus round and change into a regular symbol leading to a winning combo.

Wild – The green wildcard can replace all the other regular symbols leading to a higher chance of making a winning combination. However, it only appears in the middle reels, reels two to five.

Max Megaways – Similar to other Megaways slots, the betways can randomly activate to the full potential of 117,649 paylines leading to incredible payouts.
