NetEnt launches new mobile interface for Live Roulette

Enhanced, player-focused UI put players at the 3 centre of the action

NetEnt Live has rolled out a new mobile interface for its Roulette product, significantly elevating the user 3 experience and optimising performance across all screen orientations.

The new design includes a significant revamp of the portrait gameplay, introducing 18 3 Recent Numbers to improve usability. Landscape features 34 Recent Numbers, while dynamic camera angles and quick access to favourites and 3 statistics are available in both views.

Now showing more immersive streaming in portrait and landscape than any other product on the 3 market, players are presented with an immersive video view at almost 50 percent and 100 percent of the screen respectively, 3 transporting them to the heart of the game.

Users can also bet exclusively with Racetrack, allowing them to easily and quickly 3 place bets on groups or sections of numbers on the roulette wheel without resetting the main felt at the start 3 of every game.

“NetEnt Live is committed to continually enhancing our product set with new additions and updates that deliver an 3 unrivalled player experience,” said Andres Rengifo, Director of NetEnt Live. “With our new Roulette mobile interface, we have once again 3 raised the bar, developing a product that is primed to capitalise on the rapid shift to mobile.”
