Blueprint Gaming, who recently acquired the MegaWays license, has been extremely busy churning out slot after slot almost to the 4 point where it's getting hard to keep up. While the MegaWays spectacle has been quite successful in their case, we 4 can't help to feel it's becoming a bit redundant. Or it could possibly be the fact that we're starting to 4 anticipate what to expect and in all honesty, The Goonies is no exception to the rule. If you've ever played 4 TED, you sort of know already what you're in for. Now, if you love the action-packed type Blueprint Gaming slots, 4 then you're in for a real treat as it has all the elements that are typical for Blueprint.

The 30-35+ player 4 base will likely be familiar with The Goonies. It's a 1980's blockbuster movie with cult status that was directed by 4 the legendary Steven Spielberg himself. If you haven't seen this Indiana Jones-inspired adventure, we strongly recommend you do so. Naturally, 4 some of the jokes are a bit outdated, but overall the movie is still relevant to this day as are 4 most of Spielberg's productions. In the online slot, you get to follow lead characters Mikey, Data, Mouth and Chunk in 4 their escapades and a chance to trigger 12 different bonus features.

The Goonies is a 5-reel, 3-row slot with 20 pay 4 lines which you can play from as little as 10 cents per spin across all devices. It's hard to say 4 whether it's a medium or high variance slot, but we'd say it's somewhere around 7-8 out of 10 on the 4 volatility ladder. Quite a lot of the payouts are dedicated to the various main game features which probably lowers the 4 free spins frequency. We feel that Blueprint has done this classic movie justice when it comes to the overall production. Starting 4 up the slot, it's almost as if you're introduced to one of those Disney adventure worlds. The warm colours, intriguing 4 symbols and a wealth of features make for some entertaining slot action.

The payable is displayed in coin value, which can 4 be a bit confusing (on purpose) if you're new to slots. It's a trick used to make the payouts seem 4 more impressive than they really are. To make it simple, with a current bet size of 1 EUR, just remove 4 the last zero and divide the coin values in the payable by 2.
