HOW

DOES ONLINE CASINO WORK?

Although each online casino has its own way of doing things, there are certain aspects that we all must adhere to. First and foremost, online casinos are strictly prohibited for those under the age of 18. At Betfair Casino, we've put in place strict identity verification measures to ensure only responsible adults

can sign up and play with us.

Speaking of registration, all online casinos register their new customers in different ways too. At Betfair Casino, we require the names and addresses of our customers to verify identities – along with uploaded copies of IDs and proof of residence. Deposit limits (together with other safer gambling tools) can also be set even at this early stage because we're serious about creating a safe and fun place to gamble where you can feel at home.

EXPLORE OUR WINNING PORTFOLIO OF ONLINE

CASINO GAMES

We've done our absolute best to cater for all casino game tastes, spanning a huge choice of slot themes (from Vegas to Chinese) as well as jackpot slots, the most popular table games and video poker; we also have games available that do not require any strategies, namely scratch cards.

We never rest on our laurels either. Our partnered developers regularly launch new casino games online here, with some titles available exclusively to Betfair Casino customers. Many of these slots are also available with an attractive casino payout percentage attached.

We also offer demo

slots for fun that give newcomers to slot gaming a chance to have fun and understand the dynamics of slots with no risk. You can also read our comprehensive casino guide for a better understanding of Slots RTP and Variance.
