## Introduction:

My name is Carlos Henrique Mello, and I'll tell you how I became dependent on gambling. My experience began in 2024, and it has been a terrible road filled with many defeats. Despite my loss, it has been a life-changing experience that taught me much about fear, greed, and desire. My story will highlight my personal experience and lessons gained through gambling. My ultimate goal is to convey to you, dear reader, the truth about gambling addiction and the lessons I've learned along the road. I want everyone to learn from my experiences and benefit from them.

## Background:

In 2024, I started playing slots and gambling for fun, but I quickly became addicted since I kept hoping that the following large gain would compensate for all my losses. Looking back, I recognize that state of mind to be false logic. Was that my first mistake? Possible. I began by playing for free, advancing to actual money, and finally placing higher and higher wagers.

## Specific case details:

My nightmares began when I downloaded an app with free casino games in June 2024. With just one click, I could access endless options for no money. I continued to use this program for an entire month without bothering to register. I soon began playing that Big Ben game, of which I had accrued millions of tokens without ever spending a dime. Then a popup stated I had earned enough "diamonds" to convert R\$50. Cool! Five clicks later, I held R\$95 in my PayPal account. After a string of triumphs in free games, I was ready to play real money. And so, on August 3, 2024, I received an enormous disbursement of approximately R\$ 25500. Deposit to prepare? R\$ 429.60! Then it dropped. Money didn't guarantee victories; I realized that the next day. I replenished my casino funds to approximately 80 - 120 RS and even more. My mother passed away lastly on December 12 from a heart attack, prompting an emergency number to save her after two failures to do so. Because of my carelessness, I can never undo the damage I did until her last moment. On December 16, 2024, I finally defeated the bonus without doubling a single penny! Along with calling everyone crazy in my house, I started jumping right where I dropped my 5th relapse. 49,787.27! Nothing kept me playing more than the four wild lines with five scatters, because you wanted to believe the Big Ben code. Oh man! There was no opportunity to reinvent you because we now have an "investor fables casi during holidays," whose only purpose appeared to be playing your favorite vests by choice. There was no reversing the strategy because.

Instead, one had to play at least six costly vouchers against one cost-effective ticket. Here, a lousy day must lose nearly nothing but win 86%. This never works in other games and not slots. Bets include between R\$127,00 and R\$ 2147, where my lifetime best equals around R420. And what was going to become of my R\$1151 pinnacle won until December 21? R\$800. The profit was R\$5227,98 after getting an additional R\$129 from our profit. These profound experiences led me to the realization that.

Therefore, during November and December, rehearsals took place,

from losses in November. Of course! Without assistance I used my monthly scholarship - which I had increased once before cancelling just before asking to start school because the due date had slipped my schedule for December. There you have it, and with approximately 10 dollars and all other earnings subtracted, they brought my net worth down to zero. The week after finalizing that loan, they opened a new way for loans with wagering using cash after splitting my deposit into two compartments: my non-wagering cash and open (restricted) for unrestricted cash.

Oh yeah, a loan of up to 20x my salary and extra costs. Have I blown R\$2253.9 from Profity at least ten times? Impossible. A maximum PER MONTH INVESTMENT of approximately six loads is possible. I used to invest everything earned and not invested with profits using every payment strategy under the sun or world. From Monday to Wednesday, we have played as from January 8, each round requiring greater than 60 billion and receiving approximately 1.5 million visits a day. I would deposit money to work there, which resulted in the business losing profits. After increasing

profits by 43 cents (we did not divide by 100 to make dollars) over four days without my weekly wage or fixed savings, I began playing. Indeed, one day netted me just under USD 325 (Div USD 325 by 4). After exams had finished in December, my January living costs were spent, or more precisely, my December losses from trying rehearsal number two of perhaps January's fresh starts were around three thousand, five hundred—a paltry USD2,450 of benefits from around ten intense days of earning and spending extra for Big Bribe because after some work there from Monday to Thursday, if we maintain discipline (never happens) it's profitable even with Big Bribe code's largest wager requiring a larger daily salary than mine (which has a maximum payout to users of 4 times the value of the business revenue), it may produce + 7k if done slowly and progressively.

**MBA STUDY'S TAKE ON GAMBLING**The typical MBA professional cannot afford the luxury of following only recurrent play since from their pre-MBA life. Instead, through group work (often consisting of consultants), clubs (e.g., hedge funds, PE funds.VC. clubs fintechs, AI clubs, Blockchain clubs), and unneeded exposure during competitions. Cases like these highlight different wage plans and promotions or side ventures to begin while still in school since everyone attempts or considers applying to some of these. It places them under immense pressure, competition, more responsibility and no time to deal with other things, so discretionary play creates unbalanced behaviours harmful to health or your MBA, I'd RATHER SLEEP.

Side effects in people closest to me. I spent hours using strategy, asking friends online who did it for fun and using applications since someone a future Poker programmer and professional was already betting illegally; there, I joined and I thought... Well, there were scared fathers. Worried moms. Irritated brother, almost isolated younger sister whom I wouldn't know existed either because one had me out by then and other got really into it around 2009 - 2013 but with much less intensity. Withdraws made by my brother with good intentions because I allowed my mother to pay for housing and bills, believing that only an intelligent app controlled everything. To my sister: "Yellow". There is no father engaged full-time and mother part and full time.

Mother has discovered almost all. With many of my faults, others tried online counselling groups, which helped a lot, to set schedules, prevent abuse since their launch in '05 was marvelous, with great friends trying out pokerist (Russian programmer - their top live winners hit over half a mil), PokerStars (US programmer, almost sure Canadian), PartyPoker (renowned Cypriot), several with games developed in Eastern Europe all that until December of 22, when the addiction really took hold after losing six consec... Imagi losing months because of lack of balance. And at this point, I spent big! In the three unluckiest cases I bet from four a. m to 4 p. m., while an administrator, manager, personal assistant president tried finding help for 17 hs a day who lost to the first of these applications until our mom discovered all these parallel lives. Was the money ever used right? Brother's driving education( with an almost brand new vehicle from father) older sister - brother of hers, university; car insurance + minimum salary sister, more uni, insurance + minimum big, scholarships and big dents from 20..., the rest to the brother; how much poorer, better-off sister went to Germany, Mom visited.

Conclusion and recommendations.

Reflecting on my gaming experience, five lessons stand out.

Know your limits.

Never assume you'll hit the jackpot and change your life.

Avoid dangerous behaviour

Mood Swings and responsival

Consider long term.
