Mod Info

Remote team management

EA SPORTS™ FIFA 23 Companion – auxiliary application with the ability to manage a football team for Android devices. A useful Android app in which you can create football squad and manage it, take part in exciting events and complete tests. You will be able to track your progress and receive rewards without tuing on your game console. The transfer market will allow you to buy and sell players, trade with other FUT members and take your own team to the next level . In the application, you can exchange unwanted players and get players for missing positions, club items and card sets.

Large list of features

Players will be able to change and improve the stadium at their discretion. You can change and customize absolutely all the details, from the music to which the players go on the field, to special equipment. You can download the companion app for Android for free and manage your favorite football team without having to tu on the console. The application allows you to manage various events, take part in competitions and unlock rewards for the club and the FUT community.
