Classification by software providers

With

very rare exceptions, none of 4 the roulette games (3D or live) on a casino site are developed by that casino. They are either developed by 4 a software company or broadcast live by a studio. Casino sites offer their games to their members in cooperation with 4 these developers and studios. It is possible to create another classification depending on who developed the roulette games because how 4 good the developer directly affects the quality of the game. In this regard, we believe that the best games for 4 playing online roulette in Australia come from the following studios:

VIVO Gaming VIVO is a live

roulette studio with multiple EGR, 4 SBC, SIGMA, and GA awards. It broadcasts live from eight different studios in countries such as the Philippines, Georgia, Uruguay, 4 and Colombia and uses impressive technologies such as chroma key broadcasting. Its collection includes four basic roulette variants: European, Spanish, 4 Auto, and French.

Atmosfera This is a provider with its TV host academy and develops live versions of all table games, 4 including roulette. Auto Roulette and Euro Roulette are the most remarkable games in its collection. All its games are above 4 a certain level of quality as Atmosfera has its own studios and trains its dealers. Although it is a new 4 provider established in 2024, Atmosfera has achieved significant success in a short time.

Evolution Gaming Evolution is the largest live roulette 4 studio in the industry, streaming 24/7 in HD quality from US & European studios. It was founded in 2006 and 4 has more than 100 games in its portfolio. Some of these are quite famous, such as Lightning Roulette and Immersive 4 Roulette. Another live game developer, Ezugi, is a brand owned by Evolution.

Lucky Streak This studio was founded in 2014 and 4 has three different live roulette games in its portfolio: Europe, Auto, and Dual Play. You can place call bets (racetrack 4 bets) in all its games and check the results of the last 100 spins using the “history” feature. Some of 4 its games are fast enough to complete 60 rounds per hour.

Classification by betting limits

Online roulette tables have two different

limits: 4 table and betting limits. The first shows what are the lowest and highest stakes accepted at that table. The second 4 determines what the minimum and maximum wagers will be based on the type of bet. (For example, for straight bets, 4 a higher limit can be set than the table minimum.) In any case, it is possible to create another classification 4 for roulette games based on these values: low-stakes games and high-stakes games. The former caters to regular players and the 4 latter to gamblers who play with big wagers, known as “high rollers.” High stakes roulette online Both the table and 4 betting limits of these games will be high. It is not possible to give an exact value here, but we 4 can consider games with a minimum limit of 200 AUD as “high roller”. However, this will vary in each casino: 4 you may even find tables that require you to wager a minimum of 1,000 AUD to participate in the game. 4 High-stakes games are still regular roulette, meaning the rules, betting options, and chances of winning do not differ. They are 4 only played with larger wagers and, for the same reason, pay larger. However, if you lose, your losses will also 4 be greater.
