Stretches of grasslands and fields await you, naturally harmonized with deep valleys, waterfalls, wildlife, and ancient sequoias to take your breath away inside of Buffalo 50, the new game by Endorphina!

As buffalos are known to roam the American prairie –

the wild golden land in the middle of North America, they aren't the only ones you can meet in this slot. Hike and travel a bit further, and you'll see our noble wolves, the proud eagles, and racing cougars. With such beautiful American wildlife begging to be explored, there's no doubt our team was inspired to transport you straight into the heart of it.

Buffalo 50 is a 5-reel, 4-row slot with 50 paylines that has stacked wilds and a free spins feature. The North American Buffalo symbolizes courage and stability – a perfect combination. That's why the buffalo is a wild symbol that substitutes for all symbols, except for the scatter. The golden coin is also a scatter symbol. 3 scatters will win you 5 free spins with stacked wilds. Free spins can be retriggered, so you have to make sure to pay attention!

As always, you'll have the chance to double your

win up to 10 times, because Buffalo 50 also includes a classic Risk Game.

Let the winds

of these wild North American lands spin you in a whirlwind of fortune.
